Featuring on October 4th...

Beginning only as a side project to his long time commitment with Ontario based hard rock group The Entropy, **Grant Boyer's** developing solo career has become an attention worthy endeavor. Numerous hard rock tours, albums and late nights never get old in this scene. Neither does a hard rocker settling down with an acoustic guitar in a dim lit setting.

Grant's first solo release in the spring of 2009 has been a long time coming and a worthwhile wait. Although his plans are to stay on the big stage supporting a much more aggressive delivery of music, you can now sit and enjoy a more soothing release of emotion. Stay informed of upcoming tour dates in your area.

In an industry flooded with questionable integrity and artists lacking realism, **Kendal Thompson** harkens back to a time when music artistry was about charisma and soul. With a voice reminiscent of Lauryn Hill and a country girl heart, Kendal has been carving out a name for herself in the wood of southern Ontario. Originally from Alliston and now residing in Toronto, Kendal has featured at Songwriters Showcase in the past and we're lucky to have her back.
